

We at Herzlia are sending the following petition to Premier Rasool and Mayor Zille
Would you be happy to put your name to it?
Geoff Cohen

Dear Premier Rasool and Mayor Zille

We are parents, learners and friends of Herzlia Weizmann School in Sea Point. We are providing shelter until Sunday afternoon 1 June in our school hall to about 150 people displaced by xenophobic violence in Cape Town. Some of us have met this group. We are in awe of their dignity. They have said they will leave our hall by 5pm on Sunday night because that is what we agreed with them. They have also said they will not leave the CBD area and will sleep outside if there is no accommodation. They will not separate as a group. They have leadership and are organised. Among them are business people and a published writer. Nearly all work and all try to work. At all times they have acted peacefully, despite the dreadful deeds that have been perpetrated against them.

We believe this group of people, nearly all immigrants to our country, are an essential part of the cosmopolitan life of Cape Town. They have been wronged. We as a city and a province have a duty to right those wrongs and to help them reintegrate into our city. We have a duty to grant their reasonable demand that they be given shelter in the area. We have to go the extra mile. If their wish is not granted and they are left with no option but to go to one of the camps established by the city, it is a victory for xenophobia.

We call on you to open a venue in the CBD (or Atlantic Seaboard), such as the Sea Point Civic Centre or Good Hope Centre. As a community we have contributed to the relief of the displaced people and we commit to continue doing this.

Signed:
