We plan to run the following advertisement in major national newspapers. Sign your name to support this campaign. We are also asking prominent South Africans to sign up.

Who will protect me when someone comes to do me harm?

Stop the Violence!

If I allow Zimbabweans, Somalians, Mozambicans or any immigrants or refugees to be killed, robbed or hurt, who will protect me when someone comes to do me harm? We are all part of some group: Xhosa, Zulu, Indian, Jewish, Muslim, Lesbian, Gay, Coloured, White and Black? any of us can be attacked. The attacks on refugees and immigrants can turn into attacks on fellow South Africans at any moment. Attacking refugees and immigrants will not bring jobs, houses or anything except misery and insecurity for everyone. We must all act to end the attacks. The world belongs To all who live in it.
