TAC is no longer accepting donations from the public, but instead requests that all donations be given to the various aid organisations that are providing aid relief to the various shelters and camps. It appears that the humanitarian organisations that usually do this kind of work have got the situation under control. TAC wishes to thank everyone for the enormous generosity seen in terms of time, money and goods received over the past weeks. Our deepest gratitude to those who responded to this terrible crisis. If you would like to make a donation, we encourage you to please call one of the organisations below:

ORGANISATION	ADDRESS	CONTACT
