

Transport Memorandums and Responses

[Civil Society Memorandum to Department of Transportation](#)

This letter requests that the Department of Transportation improve transport and ease of movement issues. This includes ensuring safety on trains and other public transportation as well as make transport available to displaced people living in camps and other remote areas away from their place of employment and schools.

[Department of Transportation Response Letter](#)

The Department of Transportation acknowledged our letter, but failed to indicate actions taken or planned to be taken.
