[TAC draft income and expenditure report up to 3 September 2008](#)

On Friday 23 May 2008, the TAC began co-ordinating an emergency response to assist people displaced by xenophobic violence. TAC raised an unprecedented amount of money and goods and services donations from the public. In the interests of transparency, we provide here a draft income and expenditure statement for activities up to 3 September 2008. Our response continues, albeit that we are winding it down. The income and expenditure sheet below excludes the donations, many of them very large, and discounts we received. The reconciliation below is draft, subject to change and unaudited. TAC's audits are usually completed in September of each year and report up to the end of our financial year-end in February.
