Photographs from TAC (or related) events

We do not update this page very often unfortunately. TAC has a huge collection of photographs. Only some of them are in digital format, even fewer are on the website and not all of them are on this page. We have not at this stage sorted our photographs for easy access, so if you do email us requesting a photograph, we might not be able to meet your request.

See the back issues of Equal Treatment (available on the website by selecting Equal Treatment on the menu) for more photographs.

Unless otherwise stated, all photographs may be used and distributed at no charge, so long as TAC is acknowledged as the source.

- [Civil Society Congress, October 2006](#)
