## About the Mopani office

The Mopani Office was opened March 2008 but started to function fully in March 2009. Since we established this office we have been working hard in strengthening branches around Tzaneen Municipality. We managed to place 20 PTLPs in Tzaneen and Letaba Municipalities. At first we were scattered around four municipalities and now we have re-focused to two above-mentioned municipalities. We have experience the challenges of shortage of formula milk, condoms and sometimes shortage of VCT Kits. We have done PTL Workshops for partners NGOs in the district, Hope Humana, Total Control of the Epidemic (TCE), Vuyani Youth Project and workshops for our branch members. The CHA programme has been actively involved in organising and running door-to-door campaigns of different issues. TB and HIV, Cervical Cancer and Mobilisation of communities for the district march.

## Mopani staff:

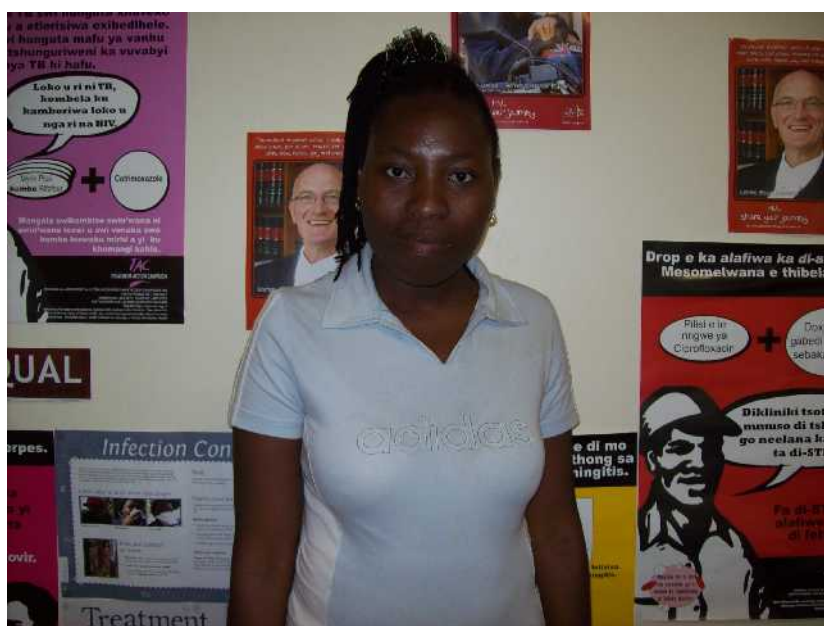

Mashudu Mfomande: I joined TAC in 2004. I am a very friendly person and

District Coordinator network easily with people. I love working for TAC because

[mashudu@tac.org.za](mailto:mashudu@tac.org.za) I enjoy helping people and saving lives, advocating on behalf of others, seeing things changing in the communities I'm working in and I love working with passionate people.

Cedric Nukeri I am someone who values good things and give respect to people. Also District Manager very unique and eager to learn various things about life and more [cedric@tac.org.za](mailto:cedric@tac.org.za) social activities.

Nkhensani Mavasa Joining TAC has help me to identify the inner self and I have CHA Coordinator contributed in saving lives of people living with HIV and assisting in

nkhensani@tac.org.za resolving challenges in my community in Giyani and through out the Limpopo Province.

Lester Baloyi I joined TAC in 2003, The Prevention Treatment Literacy Programme is an PTL Coordinator empowering programme for people living and affected by HIV. I enjoy educating [lester@tac.org.za](mailto:lester@tac.org.za) people about ARVs, Opportunistic Infections and related social aspect.

Petronelle Mothiba Slender activist and hard worker, I joined TAC in 2005 District Administrator and am still standing. TAC has empowered me to be [petronella@mail.tac.org.za](mailto:petronella@mail.tac.org.za) who I am today

Mary Mphande I love working for TAC, but I like it more when I got

House keeper involved in campaigns and Treatment Literacy

[mary.mphande@tac.org.za](mailto:mary.mphande@tac.org.za) Training and activities

Adam Malapa I joined TAC in 2004, and ever since 2006 I have been passionately

PCR Officer submitting photographs and article to Equal Treatment and comments in

[adam@tac.org.za](mailto:adam@tac.org.za) few websites. I love working with a camera, video and so passionate

about writing for a good cause.

Tebogo Makhalemela I love to help the community at the same time learning from those communities. Through PTLP Treatment Literacy I have developed a growth in knowledge on how ARVs work and identifying and managing side effects of the Treatment.

Alson Maluleke Since 2005 when I joined TAC till now TAC still has a lot to do, reaching so many people PTLP out, working as a PTLP give me an advantage to assist people and being closer to the people.

Jennifer Milambo I love to work with communities and since I joined TAC, I have an Opportunity to advocate CHA for people and working with branches inducting them on human rights issues and how branches can take forward advocacy work in their communities. Mostly in Giyani, the challenges we find in communities such as rape and shortage of treatment in health facilities, we try our best to resolve them. CHA programme has demonstrated an impact of changing people's lives, from passive to empowered communities and individuals.

Florence Mhelembe
