About Lusikisiki district office:

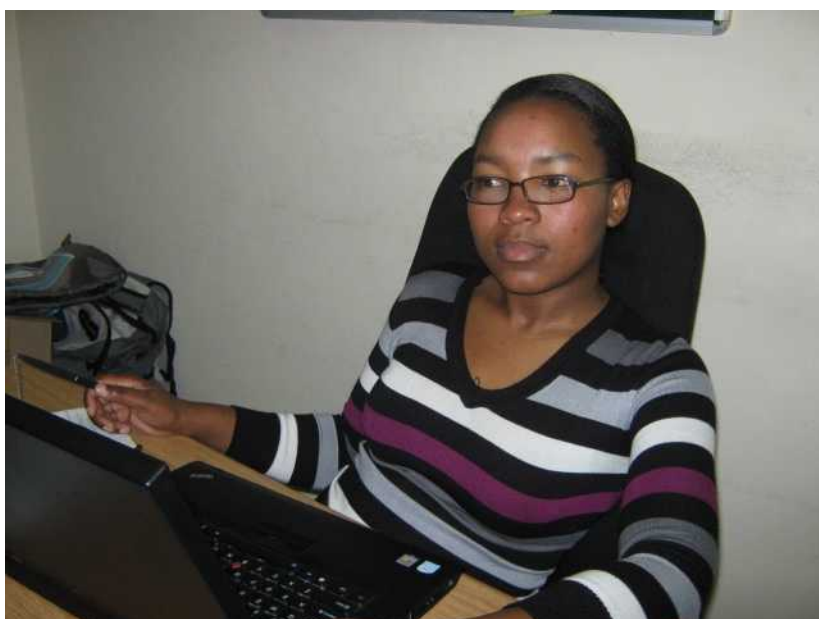

This office came in being in 2003, under the then leadership of Noxolo Spondo (who has since moved on pursuing a career outside of TAC). After she left, Nombulelo Rangana worked from 2004 until 2005. Following that, Nombeko became Acting District Organizer/administrator until our current coordinator Noloyiso Ntamehlo, who has been leading since March 2006 as a District Organizer and in 2008 became District Coordinator.

The District is functional on the following departments: Prevention & Treatment Literacy, Community Health Advocacy and PCR. In administration we have District Office Manager, Receptionist/administrator and a housekeeper.

The District Management consist of the District Coordinator, District Office Manager, PTL Coordinator, PCR Coordinator and the CHA Coordinator. These departments run independently from each other but are all reporting to the District Coordinator.
